

# Thea A. Wojtkowski, M.D.

## EDUCATION

<i>Stanford University, Stanford, CA</i> B.S. in Biological Sciences Interdepartmental Honors in Humanities	1994
<i>University of Washington School of Medicine, Seattle, WA</i> M.D. with honors	1999
<i>University of Washington and Affiliated Hospitals, Seattle, WA</i> Intern, Department of General Surgery	2000
<i>University of Washington and Affiliated Hospitals, Seattle, WA</i> Resident, Department of Orthopaedic Surgery and Sports Medicine	2004

## WORK EXPERIENCE

<i>OrthoAspen</i>	June 2016 to present
<i>Rocky Mountain Orthopaedic Associates</i>	Aug 2009 to May 2016
<i>PolyClinic</i>	Aug 2006 to July 2009
<i>Blue Ridge Healthcare</i>	Dec 2005 to June 2006
<i>Hawaii Kaiser Permanente, Moanalua campus</i> Locum Tenens, General Orthopaedics and Fracture care	April to July 2005

## LICENSURE

<i>American Board of Orthopaedic Surgery</i> Board Certified	2008
<i>Medical Licensure</i> State of Colorado	Active

## AWARDS

Interdepartmental honors in Humanities, Stanford University	1994
Medical Student Research Training Fellowship, University of Washington	1996
Highest honors University of Washington School of Medicine	1999
Alpha Omega Alpha Medical Honor Society	1999

## **RESEARCH EXPERIENCE**

- Department of Immunology, Stanford University School of Medicine 1993-1994  
Researched the role of heat shock protein in a diabetic mouse model
- Department of Immunology, Stanford University School of Medicine 1994-1995  
Researched role of heat shock protein in immune complex presentation and hematologic malignancy
- Departments of Hematology/Oncology and Pathology, University of Washington School of Medicine 1995-1996  
Researched the clinical impact of increased sensitivity PT and aPTT assays
- Division of Orthopaedic Oncology, Department of Orthopaedic Surgery University of Washington School of Medicine 1997-1998  
Review of Tru-cut biopsy in diagnosis of soft tissue and bony sarcomas
- Division of Spine Surgery, Department of Orthopaedic Surgery University of Washington School of Medicine 2002-2004  
Natural history of neurologic injury in flexion-distraction thoracolumbar spine fractures
- Division of Trauma Surgery, Department of Orthopaedic Surgery University of Washington School of Medicine 2002-2004  
Retrospective and prospective study of thigh compartment pressures in femur fracture

## **PRESENTATIONS**

- Clinical impact of increased sensitivity PT and aPTT. Western Medical Student Research, Carmel, California, 1997
- Fractures of the os calcis; historical and current treatment. Department of Orthopaedic Surgery and Sports Medicine Grand Rounds, 2002

## **PUBLICATIONS**

- Wojtkowski TA, Rutledge JC, Matthews DC. Clinical Impact of Increased Sensitivity PT and APTT coagulation assays. *Am J. Clin Pathol.* 1999 Aug 112 (2) pp. 225-32.
- Wojtkowski T, Chapman J. Natural history of neurologic injury in flexion-distraction thoracolumbar spine fractures. In preparation.
- Wojtkowski T, Nork, S., Barei, D., Taitzman, L. Thigh compartment pressures in femur fracture treated with medullary nailing. In preparation.

## **PROFESSIONAL SOCIETY MEMBERSHIP**

Ruth Jackson Orthopaedic Society  
American Academy of Orthopaedic Surgeons

## **LANGUAGES SPOKEN**

English, Polish

## **RECREATIONAL INTERESTS**

Alpine Ski Racing Team Member; Bogus Basin, Boise, Idaho	1980-1989
Racer, Junior Olympic Skiing	1987
Varsity Fencing, Stanford University	1990-1993
Traveling	
SCUBA diving
